- Nicotine products: Vape juice must be unopened.

Items You Should NOT Bring to Rehab Treatment

- Personal television or radio.
- Cameras or video recorders.
- Excessively tight, loose, or revealing clothing.
- Aerosol or alcohol-based products.
- Weapons of any kind.
- Food, candy, drinks.

Treatment Options at Kemah Palms Recovery

Medical Detox:

This is the first stage of a full continuum of care for Substance Abuse. Upon arrival, a client will go through a detailed assessment with a medical professional to discuss their history of using substances, their medical history, and take a drug screen. After this process, an individual medical taper of medications will be designed for the client to aid in their safe monitored withdrawal. Our Detox facility is staffed 24/7 with medical professionals and Recovery Advocates. The average stay for a medical detox is between 4-7 days. Clients will have access to a dedicated Detox Counselor, a psychiatrist, and programming.

Residential Treatment:

This is often the second stage of a full continuum of care for Substance Abuse and lasts for 30 days (minus time in Detox). See the schedule on the next page for examples of what a day looks like at Kemah Palms Residential treatment. Clients will receive a variety of holistic treatment options combined with curriculum based in 12 step philosophy. Individual counselling combined with a variety of group therapies, meditation techniques, and outside meeting options allow clients to find a mixture of recovery tools to aid in their long-term success after treatment.

Partial Hospitalization (PHP)

This is the third stage of a full continuum of care for Substance Abuse. This is an outpatient program that meets Monday through Friday from 9:00am to 4:00pm for 20 sessions (4 weeks). When a client steps down from Residential Treatment, they can be overwhelmed with entering back into the regular routine of life. PHP gives clients another layer of defense against battling Substance Abuse. This level of care aids in understanding how to enter back into the responsibilities of regular everyday life like relationships, employment, finances, etc. and maintain sobriety.

Intensive Outpatient (IOP)

This is the fourth stage of a full continuum of care for Substance Abuse. This is an outpatient program that meets Monday through Thursday from 6pm – 9pm for 24 sessions (6 weeks). This is another layer of programming aimed at how a client conducts themselves in everyday life as an individual in recovery. IOP shows clients how to continue the work outside of treatment to stay clean and sober.

Family Groups and Al-Anon Information

We thank you for trusting us with the care of your loved one. We look forward to remaining a trusted resource to facilitate healing in your family as we move forward on this journey together. This is the information you need to participate and engage in this process as family members and supporters. We offer family groups on Thursdays and Sundays each week. Family members and supporters ages 12 and up are welcome to participate either here onsite, or by logging in virtually. The meeting times and log-in information are below. For those who would like to participate on site, the address where the meetings are held is 1013 Delesandri Ln, Kemah Tx. 77565.

Mallory Moore is our clinician who organizes family groups. She can be reached at her email @ mallory.moore@kemahpalms.com if there are questions or concerns related to the family groups. You can also call Kemah Palms at 713-568-1210.

Please join us at **6-7pm CST for Thursday's educational presentation** on concepts relevant to families recovering from addiction. This group is open to all residents and their families who are currently at Kemah Palms or have received treatment here in the past. All attending the group should be over 12 years old.

Kemah Palms is proud to host in house Al-Anon meetings following the Thursday family group at 7:15pm. All family and supporters are welcome to attend. For more information on Al-Anon, visit their website at <https://al-anon.org/>

Frequently Asked Questions

- Clients must put family members, legal/medical professionals, employers, or any other relevant contact on consent for Release of Information for Kemah Palms to be able to communicate with due to the guidelines of HIPPA.
 - o <https://www.hhs.texas.gov/regulations/legal-information/hipaa-privacy-laws>
- Clients are allowed to bring their phone to Kemah Palms. It will be kept in an electronics locker and any usage of a personal cell phone is based on the approval of a counselor and subject to supervision. Clients in our Residential Treatment will receive time each evening on a house phone to communicate with loved ones.
- The usage of laptops for school, business, paying bills, etc. is based on the approval of a counselor and subject to supervision. Any usage of electronic devices cannot interfere with groups and programming. Kemah Palms understands we live in a Digital Age and will do the best to meet client's needs.
- Religious services will be available for clients upon request.
- No outside food or drink is allowed in the facility for any type of visit or group.
- Transportation for existing medical or legal appointments can be arranged while clients are in treatment.
- Ancillary Services offered at Kemah Palms include in-house haircuts, massage, acupuncture, and orders from Wal-Mart that a client would need a credit card on file for or a family member to pay for separately (Price sheet available upon request).
